## 2 讨论分析

关于pattern数

trade.csv

Support	2	4	8	16	32	64
dptno	2420	455	138	53	21	7
pluno	4430	896	293	110	38	14
bndno	921	236	77	29	10	5

trade\_new.csv

Support	2	4	8	16	32	64
dptno	4779	1001	326	112	41	11
pluno	12661	2406	762	283	109	37
bndno	3271	762	260	106	34	12

pattern数 随着 support 增大而减小，由于 support 表示支持度，支持度越低，符合的 pattern 数 越多

### 3 性能比较图表
